## CAREER OBJECTIVE

B.Tech CSE-DS student with a solid foundation in Data Structures, Algorithms, and Software Development, with hands-on experience in ML, Computer Vision, and Cloud technologies. Passionate about building practical and impactful software solutions

## EDUCATIONAL QUALIFICATION

| S.No | Qualification | Institute | Board / University | Year | GPA |
|---|---|---|---|---|---|
| 1 | B.Tech (CSE – DS) | VNR Vignana Jyothi Inst. of Engg. & Tech., Hyderabad | JNTUH | 2024–27 | 9.15 |
| 2 | Diploma (Comp. Engg.) | Govt. Polytechnic Women, Secunderabad | State Board | 2021–24 | 9.7 |
| 3 | SSC | Buds & Flowers Eng. Medium High School, Sircilla | BSE, Telangana | 2020 | 10.0 |

## TECHNICAL SKILLS

| | |
|---|---|
| **Languages** | C++, Java, C |
| **Databases & Cloud** | SQL (MySQL), AWS, Google Cloud |
| **Core CS** | Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA through C++) |
| **Dev Tools** | Git, GitHub |
| **Operating Systems** | Windows, Linux |
| **Coding Profiles** | LeetCode (150+ problems solved) \| GeeksforGeeks \| GitHub |

## CERTIFICATIONS

- Oracle Certified Professional – **Data Science: Oracle Cloud Infrastructure (OCI)**, 2025 — validates skills in data preparation, model building, deployment & monitoring on OCI
- McKinsey.org **Forward Program – Core Skills Level** | Super Learner Badge — structured problem-solving, communication, leadership mindsets & digital productivity
- CSRBOX + **IBM SkillsBuild** — Winter Certification Program 2025: Applied Artificial Intelligence – Learn, Build and Create an AI Agent (15th–30th Dec 2025)
- Google Cloud Skills Boost – **GenAI & Data Engineering Labs**: Completed hands-on labs on Dataflow, Dataprep, BigQuery, and Document AI; built and tested a Document AI Processor for automated data extraction; worked with Artifact Registry and ML APIs to gain exposure to cloud-based data processing pipelines.

## INTERNSHIPS

- **Infosys Springboard Internship 6.0** (Batch 13): Officially onboarded to Infosys Springboard 6.0 programme — gaining industry exposure through structured learning tracks and real-world technology assignments.
- AICTE + Edunet – **Azure AI Internship** (Virtual, May–Jun 2025): Completed 4-week structured AI & Azure Cloud programme; built a real-world AI project with mentorship; gained hands-on exposure to Microsoft Learn and cloud deployment.
- Deloitte – **Data Analytics Virtual Simulation** (Apr 2025): Analyzed business performance data using Excel, interactive charts, and dashboards; extracted strategic insights to support decision-making.
- JPMorgan Chase – **Software Development Experience** (Mar 2025): Built a live trading dashboard integrating real-time stock APIs; strengthened backend/frontend coordination and debugging skills.

## ACADEMIC PROJECTS

- **Hand Gesture Volume Controller** (OpenCV + Python): Built a real-time system using webcam input to detect hand gestures and map them to system audio volume controls; applied OpenCV for landmark detection and gesture classification.
- **Algo Craft – Algorithm Visualizer** (React.js + D3.js) [In Progress]: Interactive web-based tool that animates sorting algorithm steps with step-by-step complexity breakdowns; designed to deepen DSA understanding through visual learning.
- **Driver Drowsiness Detection System** (Python + OpenCV): Implemented real-time driver monitoring using Eye Aspect Ratio (EAR) and facial landmark detection with dlib; triggers audio-visual alerts to prevent drowsiness-related accidents.
- **Heart Disease Prediction System** (Python + ML): Designed an ML-based diagnostic system using logistic regression and decision trees; applied data preprocessing, feature selection, and cross-validation to achieve **90%+ prediction accuracy**.

## ACHIEVEMENTS

### Academic:

- Diploma topper with **97%**; achieved perfect **GPA 10.0** in SSC Board Examinations.
- Ranked in the **top 10 percentile** in Summer Analytics 2025 — Consulting & Analytics Club, **IIT Guwahati** (6-week Data Science & ML programme with assignments, quizzes and applied ML tasks).
- **2nd Runner-Up** at National Level Women Hackathon **Tech Shakti 2025** (Malla Reddy Engineering College & IIC): Developed an **AI Recruiter** system using NLP & ML to reduce manual screening time by up to 70%.

### Co-Curricular:

- Selected for **Infosys Springboard Internship 6.0** (Batch 13) — official onboarding to a prestigious national-level industry internship programme.
- Completed virtual job simulations with **Deloitte, Walmart Global Tech & JPMorgan Chase** — analytics, backend architecture, and live trading dashboard development.
- Participated in **Byteverse Hackathon 2025**: Developed AI-based translation and dialect localization tools to improve educational access for rural students in India.
- Completed **IBM SkillsBuild AI Agent programme** in collaboration with CSRBOX; active contributor on **Kaggle** and **GeeksforGeeks**.
- **Active Member – VNR DataQuestures Club**, VNRVJIET: Actively participating in the college's official Data Science club – engaging in data-driven challenges, peer learning sessions, workshops, and collaborative projects to strengthen analytical and problem-solving skills.

### Extra-Curricular:

- Regular practitioner of **Yoga and meditation** — disciplined daily practice reflecting focus and mental resilience.
- Creative pursuits include **drawing, sketching, and crafts from waste** — reflecting innovation and resourcefulness.

## STRENGTHS

***Personal***

**Intrapersonal** | Focused & Self-Driven • Resilience • Quick Learning • Decision Making
**Interpersonal** | Communication • Team Work • Adaptability • Leadership Skills
**Analytical** | Data-Driven Thinking • Problem Solving • Pattern Recognition
**Collaborative** | Peer Knowledge Sharing • Workshop Participation • Creative Thinking

## HOBBIES

Drawing & Sketching | Listening Music | Practicing Yoga & Meditation
